

National Evaluation System for health Technology Coordinating Center (NESTcc) Call for NESTcc Governing Committee Member

Background

In 2016, the U.S. Food and Drug Administration (FDA) awarded a grant to establish [The National Evaluation System for health Technology Coordinating Center \(NESTcc\)](#) to the Medical Device Innovation Consortium (MDIC). NESTcc’s mission is to accelerate the development and translation of new and safe health technologies, leveraging Real-World Evidence (RWE) and innovative research.

The inaugural [NESTcc Governing Committee](#) was formed in July 2017. The NESTcc Governing Committee is comprised of key stakeholders from across the medical device ecosystem committed to the success of NESTcc and charged with inaugurating a Coordinating Center that is inclusive, patient-focused, and anchored in accountability and transparency. For additional information about the Governing Committee and NESTcc, please review the [NESTcc Charter](#).

Today, NESTcc is seeking nominations for an additional Governing Committee Member.

Key Dates

Opportunity Posted	November 29, 2018
Applications Due	December 21, 2018
Applicants Notified	February 15, 2019

Criteria

Desired attributes for each member:

- Executive leader with broad understanding and perspective on the policy, governance, and technology implications of standing up the Coordinating Center
- A leader that is comfortable with a multi-disciplinary environment
- Has the gravitas, trust, and respect in their community to interface with key thought leaders and subject matter experts
- In an executive or operating role with the ability to represent the broader stakeholder group
- Able to operate beyond their own organizational role to provide the leadership and vision required to realize the opportunity RWE can deliver to benefit the ecosystem
- Ability to bring unique insights and a diverse perspective that can help NESTcc develop as a [collaborative community](#) in 2019

Required criteria for each member:

- Currently employed by FDA/CDRH or CMS or employed by or on the board of another payer, health care system, medical product manufacturer, patient organization, consumer organization, organization with significant competencies in IT or digital health development or health policy organization, or a person who is a health care professional

- Several years of relevant senior leadership experience (1) within the medical device ecosystem or (2) focused on diseases/conditions where medical devices play an important role in diagnosis, treatment and/or monitoring
- Experience with or appreciation for the use of Real-World Evidence (RWE)
- Leading expert in their relevant field (based on position/title, publications, or other experience)
- C-level leader of your organization (e.g. CEO/President, CSO, ED), or MD/PhD with subject matter expertise or executive-level leader of a medical device manufacturer
- Sufficient time to dedicate to the role
- Ability to commit to Governing Committee responsibilities

Application and Selection Process

To nominate yourself, or someone else, to serve on the NESTcc Governing Committee, submit this [required application form](#) and your CV by 5 p.m. EST on **December 21, 2018** to nestcc@mdic.org.

Nominations that meet the criteria listed above will be presented to the NESTcc Executive Committee for review and selection. The Executive Committee will make a recommendation which will be presented to the full Governing Committee for approval. Finally, the recommendation will be brought to the MDIC Board for a final approval.
