Email	
Phone Number	

*The application continues on the next page.*

## Overview of Nominee’s Expertise

Your responses to sections A, B, and C should not exceed two pages. You are not required to use the full two pages.

### A. Prior Experience

- Describe any relevant prior experience aligned with the scope and activities listed on the targeted call for nominations document.
- Describe any participation in similar efforts that will help spur the development of the Methods Subcommittee. Similar efforts include, but are not limited to, the PCORI Methodology Committee, PCORnet, MDEpiNet, the Medical Device Registry Task Force, Sentinel, the International Medical Device Regulators Forum (IMDRF), and the Clinical Trials Transformation Initiative (CTTI).

### B. Stakeholder Perspective

- Describe the primary stakeholder perspective you would represent on the Subcommittee.
- Describe the value of this stakeholder perspective for the success of the Subcommittee.

### C. Alignment to NESTcc Mission

- Describe your interest in working with NESTcc to achieve its mission and overall strategic and operating goals.

## References

Please provide up to three references who can speak to the nominee’s expertise and prior experience participating in similar initiatives.
